Product Description:
This hydraulic floor jack is designed for heavy-duty use and is capable of lifting up to 2.5 tons. It features a safety overload system to prevent use beyond rated capacity. The jack is equipped with 360-degree swivel casters for easy mobility. The handle is made of high-strength steel and is designed for ergonomic use. The jack is made of high-quality steel and is painted with a durable, rust-resistant finish. The jack is designed for use on concrete, asphalt, and steel surfaces.
