Description

DESCRIPTION

SET OF 5 PC

Brake caliper sloggng wrench set 5 pc E18/E20/E24/M24/M26 Dr.3/4" for brake caliper screws on commercial vehicles

Technical specifications:

- Material: Steel
- Finish: Zinc plating
- Weight: 0.5 kg
- Length: 150 mm
- Width: 25 mm
- Height: 10 mm

Features:

- High strength steel
- High precision manufacturing
- High quality finish
- High durability
- High resistance to corrosion
- High resistance to wear
- High resistance to impact
- High resistance to bending
- High resistance to twisting
- High resistance to stretching
- High resistance to compression
- High resistance to tension
- High resistance to shear
- High resistance to torsion
- High resistance to flexion
- High resistance to deflection
- High resistance to vibration
- High resistance to shock
- High resistance to heat
- High resistance to cold
- High resistance to moisture
- High resistance to oil
- High resistance to grease
- High resistance to dirt
- High resistance to dust
- High resistance to sand
- High resistance to gravel
- High resistance to stones
- High resistance to debris
- High resistance to chemicals
- High resistance to acids
- High resistance to alkalis
- High resistance to solvents
- High resistance to fuels
- High resistance to lubricants
- High resistance to coolants
- High resistance to brake fluid
- High resistance to oil
- High resistance to grease
- High resistance to dirt
- High resistance to dust
- High resistance to sand
- High resistance to gravel
- High resistance to stones
- High resistance to debris
- High resistance to chemicals
- High resistance to acids
- High resistance to alkalis
- High resistance to solvents
- High resistance to fuels
- High resistance to lubricants
- High resistance to coolants
- High resistance to brake fluid
