Description

DESCRIPTION
The H.C.B-A2351 gearless brake caliper tool is a specialized tool designed for the maintenance and repair of gearless brake calipers. It is suitable for use on 1, 2, 4, 6, and 8 mult-piston calipers. The tool consists of a red-handled lever and four black mounting plates. The lever is used to apply pressure to the mounting plates, which are then used to adjust the brake pads. The tool is designed to be used on both the front and rear wheels of a vehicle. It is a essential tool for any mechanic working on gearless brake systems.
