Description

Product Description :

H.C.B. AUTOMOTIVE U-JOINT PULLER

Product KEY

Manufacturer No. :

H.C.B-C1850

Country of Origin :
Taiwan
Brand :
H.C.B.
Product Specifications (Features) :

* Safety Warning

Read all instructions and safety warnings prior to operation. Failure to do so could result in equipment damage, personal injury or even death.

NOTE: hammering this tool will void your warranty.

Inflammar all bearers from bearing cups.

Align the U-Joint Puller over the yoke of the drive line.

Turn the tool's forcing screw clockwise with up to a 4" impact wrench.

Note: Reverse threads. Alternating and forcing screw on frame may cause irreparable damage to threads.

Provides ultimate shock-strength for disassembling even the most seized u-joints in minutes on virtually all cars, light-duty trucks and farm machinery.

Manufactured from high-grade materials for strength and durability

Eliminates dangerous slow and worried at hammering methods

Reduces risk of damage to the driveshaft, yokes, joints or bearing cups

* Applications

U-joints with bearing cups 3/4" to 1-3/8" O.D.

* Uses

Average to flange style yokes may occur if bearing cups are severely seized

Not compatible with Double Cardan joints.
